Analysis of Students' Feedback (2021-2022)

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about guidance/counseling provided in academic/non-academic matters, syllabus coverage, college infrastructure from the students of the college as a part of AQAR.. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

The students' feedback responses reveal that above 50 percent students agree that teachers provide guidance/counseling in academic/non-academic matters. Regarding the teachers' encouragement to students to participate and discuss in class, invite opinions and questions on subject matter, inspire for ethical conduct, the students' feedback ranges from 51.2 to 57.7 percent with the remark 'Agree'. Above 50 percent students agree that the teachers are regular and punctual in class, pay attention to academically weaker students while 49.6 percent agree that the teachers use modern teaching aids. More than 50 percent students agree that the teachers link the subjects to real life experiences, cover the syllabus in time, explain the topics efficiently, periodical assessments are conducted as per schedule and that teachers use non-traditional methods of evaluation like quiz, etc. For better academic performance, about 36 percent students have expressed the need for more lectures by experts while about 35 percent students want more books in the library. About 15 percent students have opined that they need more access to the internet while about 20 percent students want extra/remedial classes to improve their academic performance.

The students' feedback have brought to the fore that above 75 percent of the students are contented with the sports facility, classroom facility, extra-curricular activities, security in the college. However, below 70 percent students are contented with the availability of computers and canteen facility in the college. Around 8 percent, 12 percent and 14 percent students respectively have remarked the sports facility, canteen facility and availability of computers in the college to be 'Below Average'. Moreover, 26.6 percent students have expressed dissatisfaction about the hygiene and maintenance of toilets/washroom, 10.4 percent and 7.6

percent respectively are dissatisfied with the availability of clean drinking water and clean classroom in the college. The washroom facility, clean drinking water facility of the all the buildings of the college are not same, so there is an opportunity to improve this parameter. Also as many departments have no departmental room, the availability of the computer as well as internet is not up to the mark. Above 70 percent students are contended with the services of the academic section and library staff, redressal of grievances, accessibility of classrooms to the differently-abled persons, library facility in the college. Washroom facility, Canteen and library facility deserves immediate attention as about 50 percent students have opined to improve the washrooms, 30 percent students want improvement in canteen and around 25 percent students want improvement in classrooms. Students also need improvement in Library, wi-fi facility and playground of the college.

58 responses

Good

ICT facilities should be provided to all the departments, the class rooms are old & dark proper lighting is necessary, proper washrooms are necessary as it's a women's college, a proper canteen is also needed.

More computers with internet facility, more smart rooms are required.

Need more subject related faculty members for providing much more specialization knowledge to the students.

More teachers are required.

Sufficient class room with ICT facility, maintenance of proper teacher-student ratio, upgradation of laboratories, joining more number of teacher training program for knowledge improvement, organizing hand's-on skill development program for students to grow their interest in different matter.

To make it more interactive by engaging the students in projects and internships.

1. To adequate teachers.

2. To avail department for all the subject.

To avail more teaching-learning tools. Eg, various labs as per the requirements of TU syllabus, instruments, etc

ICT facilities of the college shd be developed.

In my opinion, there is an urgent need for smart Classroom in all Science Department.

Attendance should be prioritised. Moral support and counselling to be given to students unable to attend classes due to genuine reasons. Greater opportunities to be provided to students to showcase their talents in various creative activities together with a reward system.

The gradual change in teaching method and incorporating digital technology in the classroom helps in improving the learning outcomes for the students.

I have no suggestions

Study system

It's all right., no suggestions

Online

Good teaching

Infrastructure should be developed for online classes, more faculties needed.

Improvement of computer learning.

Infrastructural development is required

Technological Facilities of the college should be improved

The college needs to open soon

1.Using English as a medium of instructions will enhance the teaching-learning process of both teachers and students.

2.Acquiring e-copies Or pdf copies of study materials (suggested readings) for library and making them accessible for students.

Going good

Needed more ict based classes. Needed more books in library and good cooperation from library. Needed separate departmental room for arts faculty. Needed job oriented course. Needed more teaching and non teaching staff.

Encourage active and practical learning. Make connections to real-world applications of the course materials.

Very good

Due to pandemic as teaching is on linemode this should continue

Digital classroom should be included

We need more lct based class room

Portal used for teaching nowadays on online mode should be purchased by the college so that the students needn't use their own data, which they use as an excuse for missing the classes.

More number of computer facility is necessary for students

The college would benefit more with better lab facilities in Science Department and improving the involvement lapse of the students in arts departments.

To provide more & more Text Books to the students.

Empower students to be active learner

Required Seperate Departmental room and computer for Arts Dept with net facility

Very good

More initiative needed for providing technology based learning environment for both the teachers and the students will definitely comes handy in the coming future.

If there is ICT in every classroom and computer facility is available for all the deparyments it will be very helpful for the teachers and the students

every thing is good.

To improve students knowledge,it is required to increase the facilities of e-learning equipment.

It's ok.

Nothing

Modern classroom equipments, upgradation of classrooms, laboratory and library is among the urgent requirements.

Rakhi debbarma

Establish a positive relationship with students and organize group projects.

Improvement of educational tours and quiz programmes

More inclusion of TLM while teaching

Improvement of digitalization is required.

Students needs more books for their studies

Encourage active and practical learning.

Adopting some effective method to ensure the participation of the students in online class

Required

1. Teacher students ratio should be improved
2. Infrastructural improvement
3. Activity based learning may be encouraged
4. Field visit / study tours, students exchange/cultural exchange programme to different state may be initiated.

Good internet connectivity

Attendance of general students cam be improved further using the university norms,

Research facility,

Library facility,

We can form a committee for the development of e- content and can upload the same subject

wise in the college webpage for the benefits of students.

Department wise faculty should be more

Apart from using any free version, if we go for any paid platform like G Suite etc. for online classes, it may then become very effective for online teaching.

Upgradation of all labs

To provide CCTV monitoring if possible especially in buildings having labs and valuables to avoid untoward incidence like frequent thievery.

No need

Students regular class attended is very importance.

Analysis of Teachers' Feedback (2021-2022)

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about quality of the students, college infrastructure, effectiveness of online classes, availability of online teaching tools, etc. from the teachers of the college as a part of AQAR. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

Teachers are of the opinion that the quality of the Honours students is much better than those of the general students. Most teachers have remarked that the students are regular and attentive in class and the participation of the students in co-curricular activities is mostly good. 74 percent of the teachers opined that library facility in the college is 'Good' while below 40 percent teachers have remarked the research facilities in the college to be 'Good'. The washroom facility deserves attention as around 26 percent teachers are dissatisfied with the available facility; also other parameters as cleanliness, availability of computers, ICT facility, online teaching tools in the college need improvement. Regarding online classes, about 62 percent teachers are contended with the effectiveness of the online classes while 69 percent teachers are comfortable with the online mode of teaching and Google Meet is the most popular mode of online teaching followed by Whatsapp, Youtube, Zoom, etc. More than 96 percent teachers agree that their administrator is cooperative. Many teachers have suggested improving the teacher-student ratio, computer facility, ICT facility in each department, provision of departmental room and computer for each of the Arts Departments, research facility, library facility, upgradation of all laboratories may further develop the teaching-learning process. Field visit / study tours, students exchange/cultural exchange programs to different states may be initiated. Technology based learning environment, provision of G Suite platform may come handy for both the teachers and the students in the coming future. Teachers have also suggested installing CCTV for monitoring buildings having laboratories and valuables to avoid untoward incidence.

Nice

Very Good

Yes Always

Efforts & meaning ful suggestions

Currently None

All members are so active and I want to do work for development it.

9. Your future plans for the development of the institution

103 responses

Yes

Nothing

Good

Nice

I want to join this institution

To more quantity education

To improve more

nothing

Systematic Teaching

Guidelines is security.

More involvement in social work

I will contribute my best in all the developmental programmes taken up by the alumni.

Bhavons Tripura College of Teacher Education

I want smart teaching in the future

Improve library system

Emphasis more on digital based learning.

To be an active member of the alumni

Frequent interaction of great people with students, progressed updated laboratories

The future of education and skills education

Campus should be carefully maintained

For the development of extra curricular activities

Finding out the students who willingly wants to contribute to the organisation

Always to be connected as an contributor with this institution

Development in computer skills , communication skills

Improve our college old building specially arts department some building and canteen building

I hope that in future the institution very successful in all tripura

I don't have any plan

I have don't any plan

Very big

I will try my best

No comment

nothing

Not decided

I want to see my college as a number one college

To organize programs related to the empowerment of the students.

Good campusing, good education,

To make it pollution free, germ free and to make a clean sanitisation

1) Open various courses for students benefit. 2) Promotion of research culture among faculty and student. 3) Publication of research paper through college website.

Change the dress of the institution

Infrastructure and digital teaching learning experience should be developed.

Anythin that can enrich and nourish the institution is needed

Needed good materials.

Provide visual classes

Visual classes

Relief service at society

betterment of library facility

To be a part of the Institution

Requirement of science club

I haven't been able to do anything so far and if I get a chance in the future I will definitely do it

Government jobs

Better development

To develop the infrastructure

no plans

A Good infrastructure will help

Make it clean

Institution is very good

To work Hard for the development

Since i don't have any plan

Library

To initiate new techniques in developing the students to face modern methods of personality test and interview

Clean the area of the class and improve the quality of teaching

Liberary facilities will be better

Hygienic toilet condition

I will think about it

No plans

Environment

Development

Will join on various programmes organised by the institution

Always ready for the development of the institution

I will contribute my best in all the developmental programmes of the institution.

I will contribute my best in all the development al programmes of the Institution

Improve campus area

I associate with the institution as a employee or resource person to develop the institution for feature.

(IQAC) of the college is dedicated body continuously planning for better men for the institution

Made it large and proper environment for study

No

No.

There should be a smart classroom present.

To help in any manner required

No Plan

By helping teacher in various activity areas

Creation of Science club

Will be bright

Women's College

open verious subject for benifit f students

Effective Ideas

Please include exam paper Review system & increase Honours seats so that more people can get the opportunity to study here

I want to do work nicely with everybodys.

10. Any other suggestions?

103 responses

No

Nothing

no

No thanks.

Yes

Good

Pass classes should be more regular....

Provide more purified filter in every building

Nothing

NIL

Satisfy

More internet accessibility should be available

We can focus more on placement cell

No. of regular faculty should be increased.....a large field is required..campus area should enlarge.

No thanks. I really love my institution. And it is great.

Thanks for helping.

Washroom should be cleaned

It's already enough developed

I really blessed that I am the student of this college

No..My institution is best...

We have to focus on our study as well as good

Nothing to say

I think the overall education and environment is good but the campus should be taken care of because it doesn't look very clean and the grasses and plants are unkempt which makes the college looks very old and dirty.

No thanks

Thank you

More alumni engagement is needed.

The infrastructure should be developed

Infrastructure should be maintained more and washrooms should be more clean

The discipline of the instituion need to be always maintain by evryone. No unwanted activities that is not positive for the instituion should not be entertained.

Good luck for all the college members.

Want more members in Alumni

there should be more smart classes

I haven't been able to do anything so far and if I get a chance in the future I will definitely do it

Teaching should be done in English

No

A gym would be preferable

Nill

No suggestions

Class room cleanliness

The future plan helps us to prepare for careers .

Further

Keep the surrounding clean, the college does not look like any academy institution

Various programmes should be organised

Nil

Nil

Improve sanitation

To organize variety of co curricular activities for holistic development of student in presnt competitive world

There Should some study area or sitting area for students.

No.

Improvement of facilities with time

This institution need to improve the practice of communication as communication is getting a very important part of a student's life. But during our college days this was the most neglected part

Science club

If possible including paid internship if needed, it might help

I want to do Teamwork.

Analysis of Feedback received from Alumni (2021-2022)

The Internal Quality Assurance Cell, Women's College, Agartala has collected online feedback about the overall impression of the college from the alumni of the college as a part of AQAR. Feedback from the students and teachers were also collected through online mode. Every year IQAC collects feedback from various stakeholders of the institution. Continuous feedback is important to know about the strengths, weaknesses and opportunities of the institution and the feedback analysis showcases these aspects in a very brief manner.

The Alumni feedback analysis brings forth that around 57.3 percent of the alumni have an excellent impression about the institution while their impression about campus environment is mixed. Their frequency of visit to the institution as alumni and to attend alumni meetings is not very regular. However, only 103 responses were received and 31.1 percent of the respondents are associated with the institution as an employee. Around 86 percent of alumni have expressed interest to contribute towards the Placement cell of the institution, while around 80 percent want to participate as resource person in the various programs conducted by the institution.
