

Students' Placement Cell
Women's College, Agartala

Students' Placement Cell is an elected body of the student representatives from 4th semester who are responsible for all the placement related activities of the college. It was first constituted in 2019 as per the direction of the Director of Higher Education. Since its inception, Students' Placement Cell, guided by teacher representatives is organizing various seminars, workshops and training programs to make all the students acquainted with various career related as well as entrepreneurial skills. Recruiters like TCS, Indigo, Jetking, Jaro Education, Bankzone, SBI Life offered different opportunities to the students online but a few students applied. Three students were selected for training in Bankzone and three students are doing their job in Indigo. 08 students were trained by SBI Life in their office premises. Out of them 04 students cleared the exam after the training. Students are regularly informed with different job related advertisements and schemes through whatsapp groups. At present the following members are taking the responsibilities to undertake different placement related activities in the college.

Coordinator, Students' Placement Cell, Women's College:

Dr. Somali Saha, Assistant Professor, Department of English, Women's College
