

## **Guidelines for Making Poster**

1. Size of the poster should be 22 inches x 27 inches (Standard drawing paper) and the number should be only one.
2. Orientation should be potrait.
3. Important information should be readable from about 5-6 feet away.
4. Title should be concise.
5. Word limit should be within 1000.
6. Text should be clear and to the point. Use of bullets, numbering, and headlines make it easy to read.
7. Graphics, color and fonts should be used effectively.
8. Consistent and clean layout should include acknowledgments, authors' names and institutional affiliation.
